## A DAY OF GOLF & DINING AT THE EXCLUSIVE PRIVATE MEADOW CLUB...

The Meadow Club sits in the foothills of Mt. Tamalpais, surrounded by gentle rolling hills. It is an idyllic setting, with its broad fairways naturally carved into the canyons, weaving around hundreds of majestic oak trees. The pristine views from the clubhouse are breathtaking as it molds into the landscape. You may sight fawns or wild turkeys quietly grazing the manicured greens. Its splendor and quiet setting has been enjoyed by members and their privileged guests for the past 80 years. The Meadow Club is the first course designed in America by Dr. Alister McKenzie, followed by Cypress Point and Augusta National. Many have rated the Meadow Club as one of the best courses in Northern California.

Four of you will have a rare opportunity to experience the day at the club. Your day will begin with an exquisite lunch at the clubhouse in the Grill Room, followed by a visit at the Pro-Shop to pick up your exclusive MC caps. You will then be introduced to our Head-Pro, Jim O'Neil, who will accompany you on your round of golf and will provide instruction or, should you prefer, simple encouragement throughout your play.
