David Requiro debut recital CD available now by pre-order

Following his prestigious Naumburg Award win, David Requiro has recorded his first recital CD, due to be released in April, 2009. Pre-order signed copies of this CD, with the artist's message tailored to your specifications, through the Marin Symphony now. A portion of the proceeds will benefit the Marin Symphony.

Program: Debussy, Bolcom, Brahms and Cassadó.

This is the same program that Mr. Requiro performed with San Francisco Performances last week. The recital received rave reviews in the *San Francisco Chronicle*:

- "Young lion tames old masters..."
- "...the beauty of his string tone, a light-footed but resonant sound that seems to leap from the instrument..."
- "an interpretive approach that is uncomplicated without ever seeming glib or lightweight."
- "...the finale was brisk and brilliant." --Joshua Kosman

CD price: \$20
